

IN THE SPECIFICATION

Please replace the paragraph beginning at page 4, line 6, with the following paragraph:

As introduced in “Text of WD 4.0 of MPEG-7 Visual” (ISO/IEC JTC 1/SC29/WG11 ~~N3521~~ N3522), one example for color distribution features could be a combination of the Grid Layout Descriptor and any of the Dominant Color, Color Structure and Scalable Color, and for frequency distribution features the Color Layout Descriptor is a typical example.
